Steve Morales [steven.morales@dpn.org](mailto:steven.morales@dpn.org)  
Chief Business Officer

## Welcome!

If you have questions you need answered,  
send email to: [faq@dpn.org](mailto:faq@dpn.org)

### Today's Call

- DPN membership explained
- Reminder about deposit agreements and onboarding
- See you there - conferences

## DPN Membership Explained

- Clear up any misconceptions
- Help you take advantage of your DPN membership
- Help you prepare for next year

## Background - the first few years

- 60+ Charter Members
- \$20,000 each year
- Built the network that is now operational

## What do institutions get for FY 2015-16 dues?

- 5TB of content can be deposited now for no charge
- Content protected for at least 20 years (until 2036) for no more charges
- Can deposit via DuraCloud Vault or APTrust (current APTrust members only) for no additional charge
- This is the 2016 deposit and is already paid for with 2015-16 dues

## What if you have more than 5TB to deposit?

- Content beyond the first 5TB can be deposited for \$4,900 per TB
- Protected in the same way as the initial 5TB until 2036
- No recurring charges for this content

## And for 2017?

- We are asking Charter members to renew at the same rate (\$20,000) for FY 2016-17
- Members can deposit another 5TB for this membership fee
- That will be the 2017 deposit and will be preserved until at least 2037 with no additional fees

## What if you have WAY more than 5TB to preserve?

- Heavy Users and Pricing Committees are working on solutions for large deposits
- Working with partner institutions and industry leaders to develop affordable scalable solutions
- DPN must be able to accommodate >PB deposits

## Casting the net wide

- DPN membership must accommodate a spectrum of institution types
  - small - much less than 5TB of content
  - large - much more than 5TB of content
  - consortia
  - affiliated organizations
  - others?
- Membership Committee is looking at options that will be in place for next year (FY 2017-18)

## Stay true to the our mission

**Preserve digital content that will be important for the next generation of scholars and beyond**

- Find solutions that work for the nation's institutions to make that happen
- Leverage emerging technologies to make it scalable and to drive down costs collectively
- Develop fair and equitable membership models so all can participate

# Deposit Agreement Template <http://dpn.org>

The screenshot shows the Digital Preservation Network (DPN) website. At the top, there is a navigation menu with links for Home, About, Members, News & Events, Contact, and Become a Member. The 'Members' link is circled in red. On the left side, there is a blue sidebar with a 'Legal Documents' menu item, also circled in red. The main content area features a paragraph: 'Long-term preservation of important content requires proper legal agreements. The documents in this section cover deposits, succession, and everything in between.' Below this, there are two links: 'Deposit Agreement Template' with a right-pointing arrow and a red arrow pointing to it from the left, and 'Node Service Level Agreement' with a right-pointing arrow. The 'Deposit Agreement Template' link is followed by the text '*This pdf is our current draft of this important document.*'. The 'Node Service Level Agreement' link is followed by the text '*Details that govern the relationship between DPN and the Ingest and/or Replicating Nodes.*'. At the bottom of the page, there is a grey box with the text 'The documents and/or links in this section provide an overview of the services that are available to DPN members.' and an orange box with a '+ Services' link.

## Review: Preparing to deposit content

- Schedule a time with DPN and DuraCloud
  - > set up the DuraCloud account
  - > walk through the upload process
  - > answer questions
- DPN & DuraCloud Staff are available for assistance
- APTrust Members will go through APTrust channels to push content to DPN
- An introduction to DuraCloud Vault:  
<https://youtu.be/E8g774b6us>
